Small surround system with 8"+piezo+constant coverage bi-radial horn, it is designed in horizontal for special applications like the back wall in stadium seating cinemas. With the new constant coverage 100°x100° horn, the HF reaches the complete audience perfectly. All of the LW surround speakers are delivered with rear metallic supports but there are also an optional "U" bracket and an LW 7714 Support bracket.

As usual with all of the LW surround speakers, these could be painted in any RAL color needed by the customer.
